SUBJECT: **DEPARTMENT OF COMMUNITY AND SENIOR SERVICES FISCAL
YEAR 2003-2004 MONITORING OF DISPUTE RESOLUTION
PROGRAM SERVICE PROVIDERS**

At the request of the Department of Community and Senior Services (DCSS or Department), we engaged Simpson & Simpson, Certified Public Accountants (Simpson), to conduct fiscal and program monitoring of the 16 contractors that provided dispute resolution services for DCSS for Fiscal Year 2003-04. For FY 2003-04, the Department allocated \$3,228,139 in contract funds to 16 contractors to provide dispute resolution services.

REVIEW SUMMARY

Simpson completed its monitoring reviews and reported the findings for each service provider to the Department and to the respective service providers. During the reviews, Simpson noted the following:

- Eight (50%) of the 16 contractors did not properly record or document their required in-kind contributions (staffing or funding) totaling \$76,409.
- Five (31%) of the 16 contractors billed \$15,111 in expenditures that could not be supported with appropriate documentation.
- Two (13%) of 16 contractors spent \$18,879 in discretionary expenditures that DCSS did not approve.
- Six (38%) of 16 contractors were not achieving their performance goals.

- Three (19%) of the 16 contractors submitted late funding requisitions and close out reports.
- One (6%) of the 16 contractors did not maintain documentation to support staff's Dispute Resolution Program training.

Attachment I is a summary of Simpson's significant findings by contractor.

REVIEW OF REPORT

Simpson made a total of 34 recommendations related to fiscal and contract compliance issues. DCSS indicated that they have resolved all recommendations with the service providers by adjusting the service provider's future invoice(s) by any disallowed costs or obtaining support for the expenditures. Simpson's management letter (Attachment II) did not note any issues related to CSS' administration of the Dispute Resolution Program. DCSS management will issue a detailed response within 30 days on the status of all recommendations which will include whether amounts were collected or whether documentation supporting the costs were received.

All reports were discussed with DCSS and the service providers. Because of the number of service providers, copies of individual reports are not enclosed, but are available for your review.

Please call me or have your staff call Don Chadwick at (626) 626-1102 if you wish to review any reports.

In planning and performing our fiscal monitoring of the Dispute Resolution Program (DRP) service providers for the Department of Community and Senior Services (CSS) for the 2003-2004 program year, we noted no matters involving CSS' internal control structure relating to accounting and contract administration that we consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants.

Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control that, in our judgment, could adversely affect the organization's ability to record, process, summarize, and report DRP fiscal transactions.

However, the scope of our engagement was limited to monitoring DRP service providers and did not include considering and providing assurance on CSS' internal control structure. Such monitoring would not disclose all matters in CSS' internal control structure that might be reportable conditions under standards established by the American Institute of Certified Public Accountants.

This report is intended solely for the use of the County of Los Angeles.
